

Hamper Progress 1

The hamper is on its way!
Phase one of the journey has begun.

The hamper destined for Swindon Night Shelter covered its first 15 miles on Thursday 22 October when the Welsh family brought it over to Bill in Malmesbury. Bill passed it on to Juliet Evans on Friday morning. Once the first phase is completed, we will be in touch to arrange dates with Branch Members in the second phase (Swindon area).

Contents at the outset are pasta, beans, vegetable soup, dried fruit and spiced tea. Mike Welsh says that duplicates will not be a problem, given the number of families benefiting from it. He will keep Swindon Night Shelter and the Swindon Advertiser informed of its progress.

So that we can keep everyone up to date, please send your photos and a few words to Bill as soon as you make your handover.
