

## Minor Message series 3 no. 8 Softball in Fishers, Indiana

Isobel and her team won the championship game for the U13 Fall Ball season in the city of Fishers, where we live. They are all holding their championship rings - it is an American thing ;) Championship rings are given to professional sports players teams when they win, like the Super Bowl, Indy500, big championships etc.

Softball is Isobel's favorite sport and she is already playing on a year round team called the CATS, we have a few more weeks of games with that team before we move inside for winter training.

Isobel is fifth from the left, her head is covering some of the side window and I just noticed looking at the photo where our virtual rally sticker is :)
