Rally recce
at Crofton
Beam
Engines

Seventeen of us, with ten Minors, drove over the Wiltshire Downs to Crofton to meet Operations Manager Terry Gray and hospitality volunteer Catherine for a tour of the site on its Open Day, and a photoshoot to help us publicise our rally on 30 June. The visit gave us a taste of what the pumping station will be like when it is “in steam” on the day of our rally.

Terry explains the workings

With Emma leading, we drove in unbroken convoy to Pewsey, and then to The Waterfront on Pewsey Wharf for a soup-and-sandwich lunch.
